5/3/10

Dear Castle of Dreams Animal Rescue,

Yesterday, 5/2/10, was a hot day. I had a friend over my house. We both knew how busy my road is, and how a lot of people would want a cold drink. We decided to open up a lemonade stand. We sold lemonade, iced tea, fruit punch, and cold water. My mom said before we opened up the lemonade stand that we should bring out Zoe, my dog. We rescued her from your foundation in September. That was when I had an idea. "Why not donate 50% of our earnings to an animal shelter?" My friend asked where we get Zoe from. I answered, "Castle of Dreams Animal Rescue." She said "That's it! We should donate there!" I answered back, "Great idea! We could use Zoe as our symbol!" We also printed out your logo. A lot of people passed by, but more people bought some type of cold drink. After about 6 hrs. my friend had to leave. My brothers and I decided to give her her share. So we gave her about $10. My brothers and I still wanted to run the stand, but unfortunatly, my grandma had been in the hospital since 4/29/10, and so we had to count up the money, clean up the stand, and get in the car to see her. The final total was about $80, and I am proud to give you $45. Please use this money to help dogs, cats, bunnies, and other animals. Thank you!

From,

Mariah Flanagan
